

**Stars Not Aligned For 583 Home Health Agencies**

Medicare's star ratings of home health agencies — one based on clinical records and the other on patient surveys — often come to different conclusions about the quality of care from an agency. For these agencies, the ratings differed by two or more stars .

Source: Kaiser Health News analysis of federal Home Health Compare data

Footnote: Medicare assigned clinical star ratings based on agencies' performance for patients receiving care from April 2012 through June 2015. Patient satisfaction "summary" stars were based on surveys of people who received care from June 2014 through June 2015. Omitted from this chart are agencies whose patient experience stars were based on fewer than 100 surveys or had other data shortcomings that made them unreliable. The data, published in January 2016, is the most recent.
